SUMMARY

Senior Frontend Engineer focused on AI-integrated frontend engineering and developer experience optimisation. Experienced in building AI-powered tooling, structured multi-step LLM workflows, and parallel AI-assisted development workflows to improve development efficiency and scalability. At Zoho, owned frontend architecture for a Japan-market CRM platform, delivering localised, high-performance UI and improving product adoption. Skilled in building scalable frontend systems using React and TypeScript with strong emphasis on performance, localisation, and platform-level engineering.

WORK EXPERIENCE

ZOHO Corporation

Feb. 2020 – Present

Web Developer (Frontend)

Chennai, India

Zoho is a global SaaS company serving 100M+ users across 180+ countries.

- Architected and owned the frontend for Japan CRM Academy — a production learning platform — improving sign-up conversion by ~30% through high-performance, localised UI
- Delivered and localised UI for Zoho Japan products, aligning with regional workflows and improving product adoption
- Led Core Web Vitals optimisation (LCP, CLS, FID) and configured Webpack/Vite pipelines to improve bundle performance across product lines
- Implemented i18n and RTL support enabling scalable multilingual deployments across global markets

Frontend Platform & Developer Experience:

- Designed and shipped a shared Web Component architecture defining reusable patterns, edge case handling, and token-based theming across multiple product surfaces
- Built reusable abstractions and internal tooling to accelerate feature delivery and improve developer experience across teams

AI-Powered Engineering & Tooling:

- Designed and implemented an AI-powered UI scaffolding system using Claude and GPT, standardising component creation patterns and cutting development time by ~30%
- Built internal AI-driven tools: SEO/link checker, schema validator with live URL binding, and mailer template generator — reducing manual QA effort by ~25%
- Designed structured multi-step LLM workflows for screen flow generation, component scaffolding, and code refinement using Claude, GPT, and Cursor
- Applied model selection and token optimisation strategies based on task complexity to improve efficiency and output quality

K2B Solutions

Jan. 2018 – Feb. 2020

UI Developer

Chennai, India

- Developed an Awwwards-recognised website for UK client Bluestone98, enhancing client engagements
- Delivered pixel-accurate UI components for Singapore Land Authority systems
- Improved navigation architecture for Sheridan Homes Australia real estate platform

SKILLS

- **Frontend:** React, TypeScript, JavaScript (ES6+), HTML5, CSS3, SCSS
- **AI & Automation:** LLM-based workflows (Claude, GPT, Cursor), AI-assisted development, UI scaffolding systems, workflow automation, Chrome Extension development
- **Architecture:** Component-driven development, Micro Frontends, Web Components, Design Systems, i18n, RTL
- **State & Data:** Redux Toolkit, RTK Query, Context API, React Hook Form, Formik, REST APIs
- **Testing, Performance & Accessibility:** Jest, React Testing Library, Core Web Vitals (LCP, CLS, FID), WCAG 2.2, SEO, Cross-browser compatibility
- **Build & Tooling:** Vite, Webpack, npm, Git, CI/CD

KEY PROJECTS

Japan CRM Academy: Built and localized a production learning platform for Japan CRM product and improving Japan CRM sign-up conversion by ~30%. (**Tech:** JavaScript, SCSS, REST APIs, i18n)

AI Productivity & Automation Tools: Developed AI-assisted Chrome extensions and internal tools to automate SEO checks and UI validation, reducing manual review effort by ~30% and accelerating frontend workflows. (**Tech:** JavaScript, Chrome Extension, GPT, Claude APIs.)

JobHunter Chrome Extension (In Development): AI-powered job search tool for LinkedIn/Seek: analyses job listings, filters visa sponsorship roles, and assists with application workflows (**Tech:** JavaScript, Chrome Extension, Claude)

EDUCATION

Anna University, Jawahar Engineering College	2013 – 2017
<i>Bachelor of Engineering, Electronics & Communication Engineering</i>	<i>Chennai, India</i>

LANGUAGES

- **Languages:** English (Professional); Tamil (Native); Sourashtra (Conversational)
